Dear Parents,

## Be the Change: Be Recharged to Recharge!

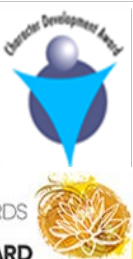

Our students have worked hard this semester and they are looking forward to their June holidays to recharge for the next Semester. The holidays are a great time for parents and children to bond and make meaningful connections. Do make time for our little ones. You can start by planning with them: Let them make weekly plans with you for the holidays, reflect upon Semester 1 and set goals for the holidays. Of course, you could also explore something different with them, such as:

- Being a volunteer at a charity organisation to help people, animals or the environment as a family.
- Learning a new skill as a family such as learning a musical instrument, cooking, baking or drawing.
- Improving your physical health together as a family. Both the body and mind contributes to a healthy individual. Set a fitness goal and aim to complete it.

### Travel Declaration

Parents of all P1 children need to declare their travel plans of their P1 children, regardless of travel intent. This is because P1 parents and their children are new to the school environment and it is helpful for them to be reminded of their personal role in exercising social responsibility. For other levels, parents need to declare the travel plans of their children only if their children intend to travel. Travel declaration can be done on-line at <https://www.mconline.sg>. This is to facilitate contact tracing should the need arise.
